

KLOVE Radio station is a vital part of my community and serves the residents of the greater Denver area in a way no other local station can or does. The effect on the local community if KLOVE were to be displaced by an LPFM broadcaster providing other programming would be unacceptable to me and would remove one of the few local stations that I enjoy listening too. I believe that the service provided by KLOVE is in the public interest. If a LPFM station is allowed to replaced KLOVE from the Denver area, or for other areas where they are located and to which I travel on business would be a major disservice to myself as well as to many other people who listen to KLOVE. Please do not allow LPFM stations to replace KLOVE in my community or other communities around the United States.
